

Clojure Art

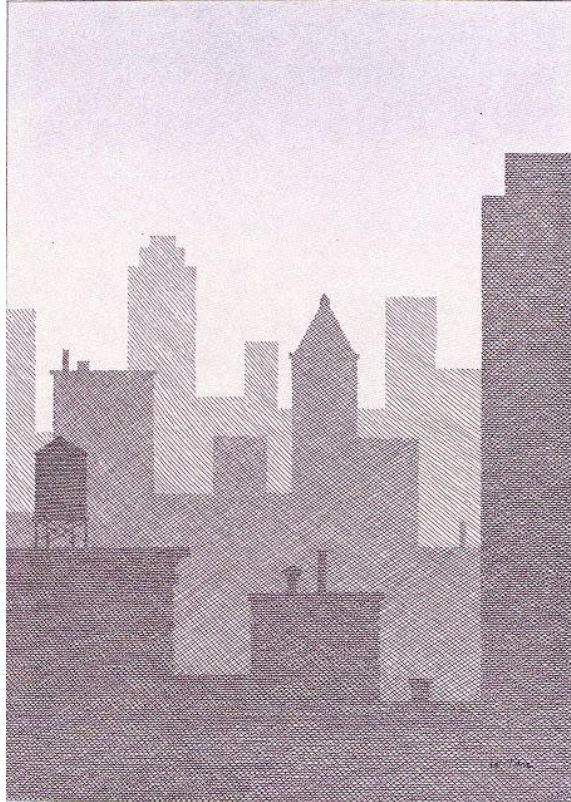

Kindergarten for adults!

Part 3: Organic shapes

A Bit of Paris by (can't read the signature)

Pierre Le-Tan

Things to consider:

- How do you break down organic shapes into basic building blocks
- Can you make a basic shape more organic somehow

Thank you!

Things to continue considering:

- How to continue learning?
- How to apply what you've learned to every aspect of your life?
- Most important: Have fun by solving problems!
